

LAUNDRY COMPLETE[™]

ALL-IN-ONE LAUNDRY SYSTEM

REDUCES COSTS

POWERFUL

NON-TOXIC

ORIGENZ LAUNDRY COMPLETE

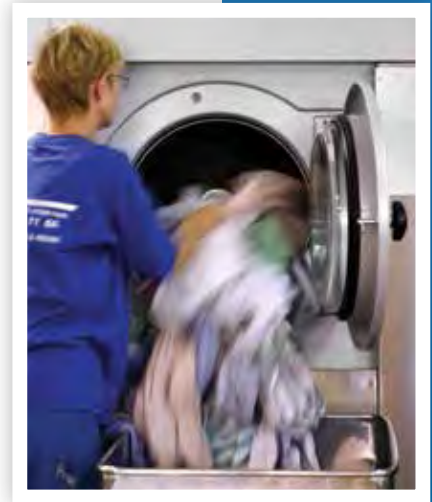

Reduces **textile replacement costs**

Reduces **labor & production times**

Reduces **utilities** with less water & lower temperatures

Reduces **indirect operating costs**

Reduces **laundry chemical costs up to 21%**

“ I have worked in this industry for over 40 years. You can imagine my surprise when I first heard the claims about the power of the Origenz product line. Everyone wants to claim better products and better results, so I put Origenz to the test with the scientific scrutiny that I have used throughout my career.

I can only say I am simply amazed. This product out-performs on every level. It is absolutely non-toxic which dramatically improves the work environment and simply cleans better with minimal tensile strength loss on textiles. I joined this company because this is the future of how we clean. This is the first truly revolutionary product in the market. ”

Steve Arbogast

Director of Laundry & Special Projects
Agaia, Inc.

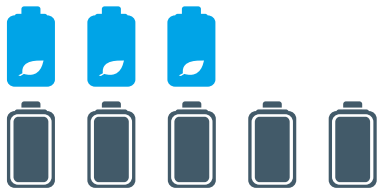

LAUNDRY COMPLETE™

All-in-One Laundry System

CHANGE YOUR LAUNDRY OPERATION

Start by using fewer products

Origenz Laundry Complete™ eliminates the need for repetitive and costly chemicals by combining the power of up to 5 products into a single wash cycle.

Use **3** products instead of **5**

Origenz effectively replaces:

- ▶ Pre-Spotter
- ▶ Laundry Sour
- ▶ Detergent
- ▶ Reclaim Kit
- ▶ Laundry Break

Origenz also remains fully compatible with bleach, whiteners, and starch.

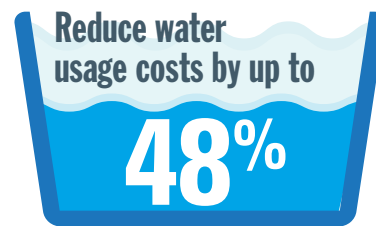

Reduce your production times

Using fewer chemicals equates to shorter wash times. By eliminating unneeded cycles, Origenz Laundry Complete™ can reduce wash times by up to 38%, directly increasing your daily capacity and lowering costs.

Lower your labor costs

Labor constitutes a significant portion of your operating costs. Eliminating unneeded wash cycles will reduce your labor costs and significantly boost your margins.

Decrease your utilities

Shorter wash times not only decrease water usage and heating costs, but also utilities and long-term wear and tear on your equipment as well.

ORIGENZ LAUNDRY COMPLETE

Experience operational savings of up to 50% or more with Origenz All-in-One technology.

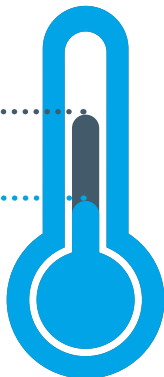

CHANGE YOUR LAUNDRY OPERATION

Get ready for longer lasting textiles

Independent testing has shown Origenz Laundry Complete™ significantly reduces textile wear and decay. After 100 washings of cotton and cotton/polyester blend with Origenz, textiles show no more wear than if washed in water alone.

The competition heats water to 180°F (82°C)

Origenz cleans at less than 140°F (60°C)

Eliminate reclaim kits

With Origenz, you will frequently see loads come back with ZERO rejects. Rejects that ARE identified are simply re-run without toxic and damaging reclaim kits.

How do your textiles smell?

Permanent foul odors can force you to replace otherwise clean linens and other textiles. Origenz eliminates the source of odors, saving you time and money.

- ▶ Origenz neutralizes odors
- ▶ Eliminates kerosene smells
- ▶ Free of dyes or fragrances

Why is Origenz so gentle?

- 1 Origenz cleans without caustic chemicals or abrasive additives.
- 2 Origenz uses significantly lower water temperatures to clean.
- 3 Origenz is natural. Synthetic fabric softeners coat individual fabric fibers in waxes, increasing flammability, reducing safety, and shortening the life of linens.
- 4 Origenz gently removes accumulated softeners and additives from linen fibers, extending the life of delicate textiles, leaving whites whiter & colors brighter, and softness your customers will notice.

ORIGENZ LAUNDRY COMPLETE

COMMERCIAL LAUNDRY SOLUTIONS

HAZARDOUS IDENTIFICATION

<i>Eyes</i>	This product may cause irritation to the eyes after direct contact with concentrate. Rinse with water for several minutes. Remove contacts, if present and easy to do.
<i>Skin</i>	Exposure to skin normally does not cause irritation or redness. No toxicity associated with the product being absorbed through skin. Wash exposed areas with water. In the unlikely event of irritation, seek medical advice.
<i>Inhalation</i>	Not a likely route of exposure. Remove to fresh air if irritation occurs. If symptoms develop, obtain medical attention.
<i>Ingestion</i>	No toxicity associated with ingestion. Ingesting large volumes may cause minor gastrointestinal distress due to emulsification of grease and oil in the digestive tract. Drink water to assist in digestion if swallowed.

Take the **ORIGENZ** challenge.

See, feel, and smell the difference.

Test Origenz Laundry Complete™ against your current products, and see the results for yourself.

Your textiles will be noticeably brighter, fluffier, and fresher smelling.

You and your staff will be amazed by the power of Origenz, and how it stacks up (literally) against the competition.

Experience the difference **one** product can make.
